Attractiveness of European initial vocational education and training: what really matters

REQUEST FOR CLARIFICATION Nr. 2 (RS/PRO/CALU/2011/0239)

One participant to the call has requested the following clarification:

Question 1 from the participant:

At page 8, section 1.6, the terms of reference refer to 15 months of overall contract duration. However at page 13, section 2.4 the terms of reference state that the final report is to be delivered within 12 months of the date of signature of the contract.

I would like to know whether there is a mistake in one of the sections and which is the exact contract duration and date of delivery of the final report. In this case the clarification might be relevant to all the potential tenderers.

In the case there is no mistake, I would like to know what is expected from the tenderer between the delivery of the final report at M12 and the end of the contract at M15, so as to include it in the planning of activities.

Cedefop clarification 1:

Please be informed that in accordance with point 1.6 of the Tender Specifications, the duration of the contract is indeed 15 months. This duration takes into account any unforeseen but justified delays that could occur during the implementation of the contract. The tenders will however be assessed in accordance with the requested timetable as stated in point 2.4.
